- Management Staff

### Responsibilities

- Student Support officer
- Chief Executive Officer

### Policy Statement:

Mid City College will ensure that all individuals who enter a Nationally Accredited Program have the appropriate skills and abilities they require to be successful in their studies. This policy is intended to provide a broad framework, and minimal requirements for determining admission to training courses and programs of Mid City College.

### 1. Requirements (Policy)

- 1.1. For vocational and technical education courses attendance is recorded and monitored as part of the course progress requirements and student behavior requirements.
- 1.2. In compliance with the Mid City College obligations under the National Code 2018 (8.4), the registered provider must have and implement documented policies and processes to identify, notify and assist an overseas student at risk of not meeting course progress or attendance requirements.
- 1.3. Students are required to complete their course within the expected duration of study as recorded on the CRICOS register unless there are exceptional circumstances.
- 1.4. At the time of initial enrolment each student will be furnished with a “training program” schedule which will identify the units required to be completed in each study period in order to complete the qualification within the normal duration as indicated on the CRICOS register.
- 1.5. Students who have unsatisfactory academic progress will be reported to the Department of Education and the Department of Home Affairs (DHA). Unsatisfactory academic performance is defined as failing more than 50% of units in two consecutive study periods.
- 1.6. Students who are “at risk” of not meeting satisfactory course progress requirements will be interviewed,

counselled and will be placed on a course intervention strategy.

- 1.7. All causes of unsatisfactory progress or being “at risk” are to be considered, including academic causes and non-academic causes, such as personal issues.
- 1.8. The progress of each student is monitored, recorded and assessed.
- 1.9. Mid City College assesses each student at the end point of each study period according to its course progress policy.
- 1.10. Mid City College has an intervention strategy that identifies and assists students who are at risk of not making satisfactory course progress.
- 1.11. Where Mid City College has assessed the student as being “at risk” Mid City College will inform the student and implement an intervention strategy where warranted.
- 1.12. Where Mid City College has assessed the student as not meeting satisfactory course progress, the institute will inform the student in writing of its intention to report to the student and that he or she is able to access the Mid City College complaints and appeals process within 20 working days.
- 1.13. If the appeals process is actioned, in the event Mid City College decision to report is upheld, Mid City College will notify the Department of Education and the Department of Home Affairs through PRISMS regarding the student not achieving satisfactory progress.

## 2. Definitions

- 2.1. Study period means one term of study (11 weeks).
- 2.2. Being “at risk” of not meeting satisfactory course progress requirements occurs when a student:
  - fails more than 50% of units in a study period; or
  - fails two or more units in a study period; or
  - During a study period falls behind the trainer’s expected progress and is reported by the trainer to the CEO.
  - fails two consecutive assessments (or one if there are only two) of a prerequisite unit in a study period; or
  - is unable to complete a course within the expected duration of study as recorded on the CRICOS register after having their program reviewed by the CEO in accordance with Mid City College Completion Within the Expected Duration procedure; or
  - is absent for 5 consecutive days or in any other way has an attendance record that is detrimentally affecting the student’s capacity to complete the assessment requirements for a unit. Prior approval or a medical certificate from a registered medical practitioner does not remove the “at risk” status, as prolonged absences for any reason place a student at risk of failure and are reported to the CEO.
- 2.3. Failing a unit means being assessed as “Not Yet Competent” for a completed unit.
- 2.4. Satisfactory progress means that students have **not** been identified as having failed more than 50% of units in two consecutive study periods.
- 2.5. The CEO is responsible for the implementation and monitoring of the intervention strategy.

- 3.1. All students identified as being “at risk” (during the study period or at the end of the study period) of not meeting satisfactory course progress requirements will be required to meet the student support officer to attend a course counselling interview.
- 3.2. Failure to attend course counselling interview will result in sending a warning letter via email with a read receipt. The warning letter will be placed in the student’s file.
- 3.3. If a student does not contact Mid City College within 5 working days from the date of the first warning letter, a second warning letter will be sent out followed by the intention to report (ITR). ITR letter will be sent within 5 working days from the date of the second warning letter.
- 3.4. At the meeting an intervention strategy will be negotiated with the student and will be recorded at the conclusion of the meeting and signed off by the student and the CEO. A written copy of the intervention strategy will be provided to the students and placed in their file.
- 3.5. The course counselling interview and fortnightly intervention meetings will be initiated by the CEO. However, appropriate personnel such as a Trainer may be called on to assist with the process.

The new Confirmation of Enrolment must indicate the revised completion date and the reasons for the revised date.
- 3.9. Students failing to comply with the terms of the agreed intervention strategy will be notified of this in writing and of the possible outcomes of this non-compliance. The written notification will be sent to the student within 5 working days of the student failing to comply with the terms of the agreed intervention strategy being identified by the Student Support officer. It will be at the discretion of Mid City College (based on information discussed and evidence provided) to decide whether to re-negotiate another intervention strategy with the student or notify the student of the CEO’ intention to implement the Mid City College Reporting Procedure.
